I am not involved nor do I know of anyone who is.

Mark, James:

Tim Watkins got an inquiry from R2 about a call between Chemours and ORD. The Chemours staff could not specify who in ORD was going to be at the meeting. The discussion was about using the Chambers Works site for testing PFAS soil gas. Are you aware of this? Tim Watkins is asking all the Divisions working on PFAS to check. I don't think we are involved- can you verify?
